

Fiorenzo FRANCESCHINI Curriculum Vitae

Academic experience

- Full Professor (2000 - present) (Politecnico di Torino)
- Associate Professor (1997 - 2000)
- Assistant Professor (1994 - 1997)
- Research Assistant (1991 - 1994)

Fiorenzo Franceschini is a Senior Member of ASQ (American Society for Quality), Full Member of INFORMS (The Institute for Operations Research and Management Sciences) and AITEM member (Associazione Italiana delle Tecnologie Manifatturiere).

He is a member of the Editorial Board of *International Journal of Quality & Reliability Management*, *Proceedings of the Institution of Mechanical Engineers - Part B - Journal of Engineering Manufacture*, and *International Journal of services and Operations Management*, *International Journal of Lean Six Sigma*. He was a member of the Editorial Board of *Quality Engineering*.

He works as referee for the following journals: *IIE transaction*; *Research in Engineering Design*; *International Journal of Production Research*; *European Journal of Operational Research*; *Quality Reliability Engineering International*, *Robotics and Computer Integrated Manufacturing*, *International Journal of Quality Science*.

Research and Professional experience

He is a member of the European Experts Database as evaluator of the Research Technological Development (RTD) proposals in Industrial and Materials Technologies for the European Community.

He was Head of the Department of Management and Production Engineering at the Politecnico di Torino (2007-2015).

He is author and coauthor of 10 books and about 330 published papers in scientific journals, and international conference proceedings. He received 3 Best Paper Awards from scientific journals and international conferences. His name is on the list of the **World's Top 2% Scientists** (Stanford University, USA). He coordinates also the *Quality Engineering and Management Research Group* of the Politecnico di Torino.

His current research interests are in the areas of Quality Engineering, Quality Management, Performance Measurement Systems, Industrial Metrology and Statistical Process Control (ERC fields: PE8_8 - *Mechanical and manufacturing engineering*, PE8_10 - *Production technology, process engineering*). A list of publication can be found at the following site <http://porto.polito.it/view/creators/Franceschini=3AFiorenzo=3A001964=3A.html>

He currently coordinates and has coordinated some important projects in the area of Quality Management for Public and Private Companies.
